Project Contribution Portion Report Form

Instruction:

Fill the form of all your members who contribute a research project per a group. The final marks of the project will be counted as follows:

$(\text{Project marks}) \times (\text{Individual Contribution Portion}) / (\text{Maximum Contribution Portion})$

It is noted that the sum of contribution portions for all members should be 100 [%]. This form should be submitted before (w/o signature) and after (with signatures) doing a project
